

AZ SKILLCARE

CNA Skills Practice Log

A study aid for repetition and review
Study support · Not an official testing document

Record what you practiced. Sequence, safety, communication, indirect care, and measurements should be marked only after you perform the skill. Watching a demonstration is not the same as practicing it.

Official Prometric Florida CNA Clinical Skills Checklist: https://www.prometric.com/files/FL_CNA_ClinicalSkillsChecklist.pdf

Date	Skill practiced	Practiced with	Sequence	Safety	Communication	Indirect care	Measurement / critical points	Needs more practice?	Notes

Practiced with: independently, with a partner, or with an instructor. Reminder: use the current official testing information for your appointment.

This log is an AZ SkillCare study aid. It does not replace official testing criteria. AZ SkillCare provides educational preparation and student support and is not Prometric or the Florida Board of Nursing.
